Sadie,

Let's communicate with staff via email on Monday and I will share at Monday PLC, too. I made the flyer a jpeg so you can ask teachers to share on their Remind and Newsletter. We could also post on Facebook, I say we get a box for now until the bins arrive. We can place it in the foyer area like we did in the fall for Center of Hope, etc. We can also print the flyer and place in the vault for announcements. Let me know how I can help:)

If I understand, every school that participates gets a 150.00 gift card to HEB. The winning school gets an additional giftcard.

Mitzy Myall

Hello everyone and thank you so much for partnering with H-E-B this Earth Day! For the 15th year, H-E-B stores will participate in this extraordinary volunteer effort to make our communities better by partnering with local schools and encouraging them to recycle in our statewide School Plastic Bag Recycling Challenge! Together we can have an impact and protect our treasured Texas land, water, and air for future generations!

What a great way to show our future leaders the importance of taking care of our lone star state.

Just some information about this challenge for those of you that have not participated before. Each participating school automatically receives a **\$150 H-E-B gift card**. You guys can use this for whatever you would like! The top 3 schools with the highest recycled bag count within each Public Affairs Region will win an extra gift card. (Our region is still growing so this makes our chances even higher 😊) The top school in WISD will also win a special prize!

This challenge will run until **4/13**. I will need all bags counted and reported to me by the end of the day. I have also attached a flyer that you are welcome to send out to students and parents. If you would like to create one yourself, that is fine too. I will call you guys throughout the challenge to see if you are in need of a bag pick up. If you guys ever need a bag pick up, please do not hesitate to call.

We are still waiting for our recycle bins to arrive, but I can bring your campus a giant bag that can be used for the time being if you would like. Once they arrive, I will make a visit to each of you to distribute your bin. 😊

If you have any questions, please don't hesitate to reach out!

Best,

Caitlin Grant-Sauceda | Burleson and Hudson Oaks Area Community Coordinator
